DARK IMPERFECT

My Heart:

If you feel that my heart is your prison,
I'll break it to set you free.

Don't you worry, baby,
you'll never be in prison with me.

If you feel that my heart is your prison,
I'll die to set you free.

Don't you worry, baby,
you'll never be in prison with me.

Silly Head:

Hello, my dear,
I need you here,
I made you pay for love with pain.

You're far from here,
I miss you near.
You made me pay
For love with pain.

Forgive me, dear,
I need you near.
We had to pay
For love with pain.

Night For Darkness:

In the dark forest,
in the middle of the night,
stars are shining someplace else,
the moon is full some other day,
tonight is the night for darkness.
